

The V6 Plus and AIO CREATOR NEO

If the V6 Plus has been integrated in your home network successfully via ConfigTool NEO, you can [import the Gateway into AIO CREATOR NEO](#).

Learn how to **teach devices to your V6 Plus** at [teach devices to an AIO GATEWAY of the V6 series](#) .

To create tasks on the V6 Plus, use the [Taskmanager V6](#).

A general documentation on the AIO CREATOR NEO can be found in the area [AIO CREATOR NEO](#).
